📍 Sylhet, Bangladesh

I am a graduate from North East University, Bangladesh, with a strong dedication to advancing my skills in web development. After my graduation, I have immersed myself in the world of technology, focusing particularly on key technologies such as Javascript, React.js, Node.js, MongoDB, Next.js, Firebase and the versatile CSS framework Tailwind.

### Skills

- HTML5
- CSS3
- Tailwind
- JavaScript
- Redux
- React.js.
- Node.js.
- Express.js.
- Typescript.
- MongoDB
- Firebase
- Axios
- Tanstack Query
- Git
- Nextjs

### Work Experience

- **Frontend Developer** - [Miatech.pro](#) (Remote) Part-time [May, 2024] - [August, 2024]
  - Developed and maintained scalable, high-performance frontend applications using React.js, Redux, TanStack Query, and Tailwind CSS, ensuring seamless user experiences.
  - Optimized state management and API handling by implementing Redux and Axios, improving efficiency and application responsiveness.
  - Collaborated with cross-functional teams to integrate RESTful APIs, enhance UI/UX, and drive technical innovations for improved user engagement.

### Project

#### Library Service Management

[Live Link](#)

[GitHub Link](#)

**Technology:** Next.js, Next.js, MongoDB as Mongoose, Cloudinary, Firebase.

- Role-Specific Dashboards: Tailored functionalities for admins to manage borrowing requests and for members to handle personal book management, enhancing user control.
- Personalized Book Management: Empowered users to add, edit, and manage books instantly, enriching their experience and control over literary collections.
- Subscription Model Integration: Seamlessly integrated basic, plus, and elite tiers with book-read features, supported by a robust backend server for efficient user authentication and access management.

#### Meeting Room Booking System

[Live Link](#)

[Client](#)

[Server](#)

**Technology:** React.js, React, Redux Toolkit & RTK Query, Antd Design, Tailwind CSS, TypeScript, Node.js, Express.js, Mongoose.

- Developed a scalable meeting room booking platform using MERN stack, TypeScript, Redux Toolkit, and Antd Design, ensuring seamless user experience.
- Implemented JWT authentication and Stripe payment integration, enhancing security and enabling smooth booking transactions.
- Built a responsive and dynamic UI with React, Tailwind CSS, and Antd Design, optimizing performance and accessibility across all devices.

### Education

**North East University Bangladesh**

2019-2023

- Bachelor of Science, Computer Science & Engineering

### Language

- Bangla (Native)
- English (Comfortable)
- Hindi (Comfortable)
