📍 Sylhet, Bangladesh

I am a graduate from North East University, Bangladesh, with a strong dedication to advancing my skills in web development. A strong foundation in building dynamic and user-centric solutions. Committed to continuous learning, innovation, and delivering high-quality digital experiences. Eager to contribute creativity, problem-solving skills, and a growth mindset to impactful projects.

Technical Skills

- **Expertise:** JavaScript, TypeScript, React.js, Next.js, Redux, Tailwind CSS.
- **Comfortable:** Node.js, Express.js, REST APIs, MongoDB.
- **Familiar:** JWT, Firebase, Styled Component.
- **Tools & Software:** VS Code, Git, GitHub, Npm, Vercel, Chrome Dev Tools, Figma, Postman.

Soft Skills

- Communication & collaboration, along with leadership & self-growth.
- Creativity & user-centered thinking.
- Project Management & Organization.

Work Experience

May, 2024 - August, 2024

- [Miatech.pro](#) - Frontend Developer - (Remote)
 - Collaborated remotely with design and backend teams to develop web products.
 - I worked alongside experienced developers to build user-friendly, visually appealing, and dynamic web applications.
 - Developed and maintained frontend code for production websites, including redesigns, updates, and enhancements.
 - Identified and implemented dynamic web solutions while adhering to company standards and best practices.

Projects

Library Service Management

[Live Link](#)

[GitHub Link](#)

Technology: Next js, Next ui, MongoDB as Mongoose, Cloudinary, Firebase.

- Role-Specific Dashboards: Tailored functionalities for admins to manage borrowing requests and for members to handle personal book management, enhancing user control.
- Personalized Book Management: Empowered users to add, edit, and manage books instantly, enriching their experience and control over literary collections.
- Subscription Model Integration: Seamlessly integrated basic, plus, and elite tiers with book-read features, supported by a robust backend server for efficient user authentication and access management.

Meeting Room Booking System
